Only A Cobalt.

America's Boat-Building Experts.

There's really nothing quite like a Cobalt. Since its first day on the water over 50 years ago, only a Cobalt has inspired a sense of ownership synonymous with accomplishment. With a reputation earned over the years as America's boat-building experts, Cobalt's commitment to standard-setting performance and luxury continues to make it much more than just a purchase – it's a destination. From the moment you know you want one to the moment you finally own one, nothing should compromise your life's pursuit. Only a Cobalt – three words poised to define the next generation of boat owners

The best made boats in America. It's been said the best boat builders you can find anywhere, are found in Neodesha, Kansas. This is where you'll find real boat people. Passionate boat people who understand how hard their customers have worked to have the very best. Yes, you'll find them here, square in the middle of this great country. Only here can be found the unique combination of innovation, craftsmanship, passion and values that can deliver on Cobalt's promise - to Compromise Nothing in delivering to its customers the absolute best boat in America.

A Step Ahead.

Customer Inspired Innovation.

Cobalt's reputation for innovation is grounded in its commitment to stay a step ahead of what the most discerning boaters demand.

From a relationship like no other – owners and their boats – comes innovation like no other. It's the promise each Cobalt boat makes it its owner. The same promise Cobalt has made, to bring unsurpassed innovative functionality to the boating marketplace.

Always copied, never outdone. With this proven reputation in design and engineering innovation, it's no surprise that time and time again, other boat manufacturers have seen fit to copy the thoughtful design and functionality that have always defined a Cobalt boat.

- The Cobalt Splash & Stow system of the A29 for handling and storing large yacht-style inflatables
- A Cobalt first: the integrated bow eye with a scuff plate for protection from trailer marks
- Stainless steel adjustable poles to secure and tighten bimini tops with our innovative build-in turnbuckle – no fabric straps here
- Flip-lip seat bolster – the ability to sit higher, with unobstructed views above the windshield
- **Brand New!** Patent pending E-Step Electronically Powered Swim Step. At push of a button. the step folds into the water or returns from the water to the stowed position
- **Brand New!** The Surf GateTM wave is the best on the water from cleanliness, push and height of wave.

Meaningful. Memorable.
Finely Detailed Interiors.

As the best made boat on the market, there are plenty of attributes to point to as being *definitely* Cobalt. That said, ask a Cobalt owner what stands out about their boat, and you're likely to hear, "Oh, the details!"

Just glance at any Cobalt cockpit to witness the full effect of a Cobalt interior – straight, smooth, uniform and unmatched attention to detail – and the warmth and feel of premium materials throughout.

Moving to the helm - where strength meets style – rock-solid fiberglass substructure rides beneath upholstered good looks. The Cobalt Glass Cockpit touch-screens offer a level of control and information borrowed from aircraft designers. Stainless steel switch mechanisms are firm, sure and sturdy.

Butter-soft and bull-strong, Cobalt upholstery is as tactile as they are easy on the eye. Always double-fastened with both adhesives and staples, and stitched with meticulous precision. Underfoot, the carpet, Seagrass flooring or Sof-Trac marine mats are rubber-backed, backed again with skid-resistant, no-flex composite flooring under all.

Notable Meaningful and Memorable Interior Details

- Cobalt Glass Cockpit with touch screen displays
- Aircraft-inspired stainless switches
- Precision-sewn interior details
- Seats that convert to a sun lounge
- Deep bow and cockpit seating
- Hand-crafted helm with detailed, quilted, double-stitching
- Fresco Chil Vinyl on darker interior colors that stays 15 to 20 degrees cooler than traditional vinyls

The Making of a Legendary Ride.

Exceptional Construction.

The famous Cobalt hull means handwork, with every layer rolled by skilled craftspeople. Extensive number of layers on the hull bottom, overlapped at the keel to double the number of layers. Reinforced with Kevlar and then strengthened further with Spraycore, the hull's structure hardens into the critical component of the legendary Cobalt ride.

Because the quality of the mold depends on the quality of the finish, hand-waxing follows after every other part. Old finishes are reworked after every ten parts, and no unsightly marks are left behind. Finally, every Cobalt hull cures in the mold, well beyond normal industry standards, ensuring integrity, flexible strength and year-to year dependability. Curing longer in the mold also gives a better mirror-like finish by reducing any distortion from the heat created during the chemical reaction of curing.

Cobalt longevity is obvious to all who know the brand. Some of the reasons for this might not be so obvious. Invisible composites – light and strong – compose every Cobalt transom. No wood in the transom, and no wood either in the polypropylene structural honeycomb of the floor. Also no wood in the water-impervious seat bases, nor in the all-fiberglass stringer grid where a methacrylate bonding compound adds lifelong permanence.

- Z-Thane strengthening, protective barrier coat in the hull.
- Completely hand-laid hulls, reinforced with Kevlar™ at the keel.
- Hand-lamination, with extensive number of alternating fiberglass mat and woven roving layers, and double thinkness overlap at the keel.
- Honeycomb composite floor – rot proof strength with improved sound and vibration dampening. Composite construction of stringer grid and all structural components.
- Exceptional stainless steel hardware, over-sized and strong.
- Deep and strong graphics in the gelcoat.
- Integrated bow eye with a scuff-plate for added protection.

The Cobalt Transferable Warranty.

Peace of mind.

TEN YEAR STRUCTURAL WARRANTY

Hull & Deck Structure: Hull/deck joints, bulkheads, floor, transom, stringers, motor mounts
Transferable: Fully transferable

FIVE YEAR BOW TO STERN COMPONENT WARRANTY

Components: All components manufactured or purchased (excluding hull and deck structural components)
Canvas: All canvas
Upholstery: All upholstery
Transferable: Fully transferable

THREE YEAR GELCOAT FINISH WARRANTY

Transferable: Fully transferable

*SERVICE ASSIST - UP TO $100 PER CLAIM

On-Water Towing: Applicable to Cobalt 5 year Bow to Stern Component Warranty or Engine Manufacturer Warranty
Hoist/Lift Out: Applicable to Cobalt 5 year Bow to Stern Component Warranty or Engine Manufacturer Warranty
Haul-Out: Applicable to Cobalt 5 year Bow to Stern Component Warranty or Engine Manufacturer Warranty
Dockside Repair Call: Applicable to Cobalt 5 year Bow to Stern Component Warranty or Engine Manufacturer Warranty

ENGINE WARRANTY – MANUFACTURER DIRECT

Volvo Penta Stern Drive: 2 + 3 Factory Protection Program – North America only (outside North America 2 Year Warranty)
MerCruiser Stern Drive: Five (5) Year Power of Protection Warranty - US and Canada only (International Coverage is regional)
Volvo Penta Diesel: Two (2) Year Warranty
Mercury Outboard: Three (3) Year Warranty
Yamaha Outboard: Three (3) Year Warranty

See written warranties and service agreement for specific coverages.

COBALT BOATS

A29

A29

At the center of life's important moments.

Bringing the whole family together.

The much anticipated A29 takes A-Series luxury to a new level of innovation featuring the Splash & Stow system, which eliminates the traditional way of transporting, deploying and retrieving of heavy-duty yacht-style inflatables. With features for everyone in the family, time on the water will be times they'll never forget.

The A-Series is Cobalt's ultimate luxury offering, and the A29 doesn't disappoint in this area. From the cockpit to the cabin to the bow lounges, the A29 includes unique appointments, leather steering wheel and LED overhead lighting – a combination designed to give any boater a day, or night, on the water to remember.

A captain-focused double-wide helm offers the Cobalt glass cockpit with dual 10" or optional 12" Garmin instrumentation, ergonomically positioned controls and a rich, custom-stitched console. Another innovative feature of the A29 is the optional hydraulic swim platform, which lowers well below the water's surface for easy entry or exit. It functions as the perfect home base for water-borne activity.

The A29 has every amenity and creature comfort on the market and then some. The day cabin features various head options and a hidden sink with faucet option. Other features include a wireless charging, port-side walkthrough floor plan, and much more – make the A29 without peer among runabout boats.

Bringing the whole family together on-board your A29 will always be remembered as one of life's important moments.

A29

At the center of life's important moments.

Bringing the whole family together.

COBALT BOATS

A36

A36

Live the life.

Act as though cutting edge design and luxury appointments are chief requirements to life.

With the all new A36 you'll come to understand the degree to which your new Cobalt sets you apart from any semblance of the crowd. As, soon enough, the exuberance of your first family cruise becomes the remembered moments of a lifetime on the water.

Begin with Cobalt's legendary extended running surface and its consequent quicker planing, firm and true turns, and minimized bow rise. At high speeds feel the A36's exceptional stability, it's effortless corning on rails. Give your guests the softest of rides in the roughest of seas and then, on a quiet entry back to the harbor, watch the long-ing looks coming your way.

Special to the A Series is the hydraulic swim platform which lowers well below the water's surface. A perfect home base to water-borne activity, or functioning as a full-beam step for those eager kiddos jumping aboard.

From the cockpit to cabin to bow lounges, the A36 interior bespeaks an envelopment of luxury. Buttery smooth vinyls, rich textures, stainless steel accents all marry together to create this one of a kind model.

A36

Live the life.

Act as though cutting edge design and luxury appointments are chief requirements to life.

COBALT BOATS

A36BR

A36 BR

Beginning to end, customer-centric luxury.

Find exactly the boat of your dreams.

The new Cobalt A36BR – the BR is for bowrider – brings a refined new version to so many different types of boaters that each will find exactly the boat of their dreams: sporty cruiser, massive bowrider, accommodating day boat, performance sportboat, in one exhilarating craft. Maintaining the distinctive look of the original A36, the A36BR offers a level cockpit floor for comfortable cockpit seating, along with the deep and spacious bow area that gives it its name. In addition to deeper bow seating, the A36BR provides the award winning Cobalt ride in a quiet running experience via improved sound insulation and sealing of the engine compartment. Matching the original A36 coupe's performance and handling, the A36BR shares an extended running surface that makes both models exceptionally smooth and stable at high speeds.

A few particular traits of the A36BR jump at first look. The panoramic side windows in the hull bring the outside in and reflect the envious stares of dock side passersby. Other thoughtful comfort touches include optional stadium bow seating with inward-facing armrests, and dedicated self-draining storage areas under the bow cushions. The cabin lies below the helm. At once snug and expansive, with a sofa stretching out and swiftly changeable to a berth capable of sleeping two adults. The port side head compartment looms enormous, ready to double as a shower. Noteworthy options range from a bow sail shade to a protected cockpit pop-up TV and a full-function galley.

Available in meaningful twin-engine configurations, with or without joystick control, the A36BR means power as needed, control as desired, luxury and comfort as expected. And, to top it off – literally, the hardtop is immediately self-explanatory in its popularity.

Begin where you like. End where you belong. As captain of the new Cobalt A36BR.

A36 BR

Beginning to end, customer-centric luxury.

Find exactly the boat of your dreams.

[DESIGN YOUR DREAM]

[MUSIC VIDEO]

COBALT BOATS

R3

R3

Exceeded expectations? Check.

Surpassed your wildest dreams? Check. Check.

This highly capable vessel has made its mark in the 23 foot segment. Yes, she is expansive, and then some, but the Cobalt R3 is much more than your typical 23 footer.

Let us begin with her physique. The R3 exterior profile is sleek and low. The transom, platform design and aft sunpad are sculpted beautifully creating a smooth and sexy profile. The sunpad backrest is convertible, and the rumble seat is simple and effective.

As we step aboard through the walk-through transom, you will notice the cockpit has an interior beam measurement that is over a foot wider than any competitive runabout. This is no illusion. This interior expansion, Free Space Reclamation, is exactly what Cobalt's build process creates. It is most noticeable in the cockpit, which is adorned with seating that wraps around the transom and the port side. The wrap-around yacht style seating is exclusive to a boat her size. Notice the attention to detail in the upholstery with the stitching in perfect harmony. The design of the passenger seat provides a completely innovative convertibility to the cockpit.

At the helm, the aluminum dash panels, stainless switches, and form-fitted vinyl eyebrow are all highlighted by the 5" digital gauges with multi-function displays. The six-speaker Rockford Fosgate stereo with Bluetooth, provides fidelity the audiophiles will appreciate. Feel the leather wrapped wheel, sit in comfort at the helm and utilize the perfectly placed armrest, and ergonomically positioned footrest. Everything fits, everything Cobalt.

The competition doesn't belong in the same room.

R3

Exceeded expectations? Check.

Surpassed your wildest dreams? Check. Check.

COBALT BOATS

R5

R5

Attention, perfectionists. This one is for you.

All the activities of the day in class and style.

Let us introduce you to the Cobalt R5.

No matter the activity of the day, the Cobalt R5 steps up to the plate bringing class and style. At first glance, its exterior profile will catch the eyes of all around. Sleek. Powerful. Aggressive. Notice the graphics – bold, vibrant. But let's not be materialistic here. This legendary ride is worth noting: infectious. That is the word we would use – so infectious that with just one nudge of the wheel and a tight turn, you will be hooked to its smooth nature.

With all the luxury interior appointments that one would expect from a Cobalt, the inside speaks of timeless good taste. The transom is walk-thru, of course. The back-rest is convertible, and the space forward is wide and wider still, followed with yacht-esque wraparound seating. This seating configuration, by the way, belongs only to Cobalt in boats of the R5's size. The twice-wide passenger seat forward makes the cockpit even more flexible in its service of a good time. A console door, elegant in its Makassar grain look and crafted vinyl, opens to a head larger above and all-around than any other boat in the class.

The helm gleams in hand craftsmanship, in oil rubbed ebony Makassar trim and duotone aluminum dash panels and switches of stainless steel and five-inch digital gauges with multi-function readouts and, over all, a form-fitted eyebrow in everlasting vinyl. The wheel wraps in leather: one of the most time-honored of Cobalt traditions, this masterpiece of a steering wheel. Our owners have always insisted on comfort and convenience and accessibility -- "ergonomics" to our designers -- and so the R5's armrests and footrests and controls and cupholders and every last little amenity aboard arrives with a form and a function just too ergo for words. And one more notable drop: the premium stereo, optimized and ready, as we say, to crank.

Need we say more?

R5

Attention, perfectionists. This one is for you.

All the activities of the day in class and style.

COBALT BOATS

R6

R6

Sleek, sporty and luxurious.

You really can have it all.

The all new R6 represents the next generation of R-Series boats from Cobalt. The perfect combination of excitement and elegance.

The Cobalt R-Series has always pushed boating forward in unexpected ways, ranging from a comfortable, efficient and stylish interior layout to sleek exterior lines. The 25' 9" R6 sports many new and exclusive features including increased storage for water sports gear, larger Cobalt Glass Cockpit touchscreens, a transom-mounted camera, and a built-in security locator function.

With an interior beam measuring wider than most competitive runabouts, the R6 offers a roomy, expansive interior. Add the wrap-around yacht style seating, and there's plenty of room for passengers and their things. Plus, the double-stitched upholstery now offers new cool-to-touch Fresco Chil vinyl on the darker colors, that provide surface temperature reductions of up to 20° on sunny days.

As with all Cobalts, the swim platform is the back patio for social get-togethers. And the patented swim step makes it all so practical.

The dash-mounted phone cradle with wireless charging is a nice touch, as is the enhanced audio system with the well-placed standard six speaker configuration, but steps up a couple of notches with the Premium or Platinum options with dedicated tweeters, sub-woofers and mid-ranges for unrivaled sound.

These features, and many more, like several foldable tower options, an innovative new high-dock safety step, and a self-bailing cockpit make the new R6 truly the next generation bowrider!

R6

Sleek, sporty and luxurious.

The perfect combination of excitement and elegance.

COBALT BOATS

R7

R7

Fashion meet function.

The ultimate bowrider for big water day boating.

It is all here. The Cobalt R7 embodies the same highly appointed upholstery, maximized cockpit breadth, seating versatility. This list goes on and on, but the R7 deserves even more gloat, for she is the ultimate bowrider. Hold on, let's get this party started.

The bow area, spacious. Thanks to a term we have deemed "Free Space Reclamation", this interior expansion is exactly what Cobalt's build process creates. It is most noticeable in the cockpit, which is adorned with seating that wraps around the transom and the port side. The cockpit, expansive. The convertibility of the seating configuration, ingenious. The elongated port side seating gives the R7 room for the crew – and with the yacht-style seating, there are many ways to ship-shape the conversation. With the extended length also comes a phenomenal increase in storage area. Bring it on board, and there is a compartmentalized place to stow it away.

And the ride, it is a legendary one. So legendary that it placed Cobalt #1 in ride comfort. Opulent luxury combined with incredible value. The R7 hits the mark with the perfect combination of both. The truth is, Cobalt is the solution when it comes to big water day boating. The R7 reaffirms that truth.

R7

Fashion meet function.

The ultimate bowrider for big water day boating.

COBALT BOATS

R8

COBALT BOATS

R8

Room for more of everything.

Step up to the next generation.

The R Series from Cobalt is the ultimate line of sport runabouts, designed with smooth, stylish lines to cast an aggressive stance in the water, and the nimble handling to perform, no matter the activity.

There's no better way to spend family time than on the water, and there's no better family boat on the water than the Cobalt R8, the newest of the R Series. But what really makes the R8 stand out is the added size. But we didn't just make it longer...we totally rethought and redesigned every aspect of the R8 resulting in a deeper cockpit and more freeboard, a roomy, expansive interior, with both bow and cockpit larger both fore to aft, giving extra comfort for passengers and plenty of room for their things.

The R8 also continues the Cobalt tradition of innovation, including the patent-pending E-Step – an optional electric version of the very popular swim step, which lowers, at the touch of a button, well below the water's surface for easy entry or exit. Either swim step version, manual or electric, functions as the perfect launching pad for water sports activity, or just a great place to hang out and chill.

These features and many more make the R8 truly THE next generation bowrider! Only from Cobalt!

Performance, luxury, comfort, innovation and room for more of everything...step up to the next generation R8...a little something for everyone.

R8

Room for more of everything.

Step up to the next generation.

COBALT BOATS

R30

R30

We made its function. You make its fun.

All with a touch of class and style.

The Cobalt R30 – a luxurious open-bow day boat designed with "Free Space Reclamation", Cobalt's exclusive technique for cockpit maximization.

Elegant and expansive seating options combine with its endless storage spaces to enhance the experiences of legendary Cobalt ride. The largest of the BR Series, the R30 also features an electric actuated swim step that lowers to just below the water's surface. Also astern, find a beach of a sunpad – large enough for four sun worshipers. And when it comes time to gather around for some good fun and conversation, make useful our convertible layout in the cockpit. Lounge the seats forward or aft, gather around the teak-adorned cockpit table or covert the area into a couch oasis with filler cushions. The port side features a head compartment that doubles as a changing room.

At the helm, the captain will find the glass cockpit design provides a birds-eye-view for a safe and enjoyable day on the water – equipped with Garmin screens that keep your systems and route in view at all times. We cannot forget about the available joystick control with its easy maneuverability and simple operation. That's right – easy and simple – all with a touch of class and style.

The Cobalt R30.

COBALT BOATS

R35

Searching for something more?

Expect the extraordinary.

The Cobalt R35 is a hybrid open-bow day boat designed with the leathered luxury of a well-appointed mid-cabin. At first look, the panoramic side windows in the hull bring the outside in, and reflect the envious stares of dockside passersby-ers. Even the windshield invites further investigation of its stainless-steeled strength, its wraparound handsomeness.

The cabin is snug and expansive, with a sofa stretching out there nine full feet and swiftly changeable to a berth capable of sleeping two adults and a three-year-old interloper. The cabin makes full and fine use of its spaciousness, by turns air-conditioned or heated as the day's outing or the week's cruise might require. Inside, a cabinet designed to very specific purposes of entertainment come a 32" LCD HD television, a DVD player, and a play-station hookup. The portside head compartment looms enormous, ready to double as a shower seat.

The largest of the R Series, the R35 also features a hydraulically actuated swim platform that lowers to below the water's surface, plus the added depth of the exclusive swim step. Also astern, find a beach of a sunpad – large enough for four sun worshipers. And when it comes time to gather around for some good fun and conversation, make useful our convertible layout in the cockpit.

At the helm, the captain will find that the glass cockpit design provides a birds-eye-view for a safe and enjoyable day on the water – equipped with Garmin screens that keep your systems in view at all times. We cannot forget about the available joystick control with its easy maneuverability and simple operation. That's right – easy and simple – all with a touch of class and style.

The Cobalt R35.

COBALT BOATS

220S

220s

Details of a great boat accumulate in ways you may never notice.

But feel free to imagine.

Come aboard the 220S and experience the comfort and convenience typically found only in far larger boats. Experience a spaciousness that maximizes flexibility in your use of the boat, thanks to Free Space Reclamation (FSR), Cobalt's studied minimization of heretofore unused space. The 220S makes idealized use of every square inch of its wide and sturdy stance, the stadium seating key to the easy accommodation of a dozen guests and their gear. And the swim step, of course, Cobalt's game-changing, patented contribution to safety, convenience, and accessibility makes boarding a breeze. Memories gather naturally under the 220's optional aluminum wakeboard arch – simply foldable, by the way – an addition that makes your boat as athletic as it is roomy.

Mention the word "athletic" and the 220S steps up to the plate. Big fun – the extended running surface hull design provides explosive hole-shots, easy and extended zooming, the tight, high-speed turns skiers and boarders want – while affording you some remarkable efficiencies in fuel management.

The S interior seating configuration combines an oversized, all-in-one cockpit layout with the amazing on-water performance that has become synonymous with Cobalt. Your co-captain can face forward in the traditional manner, or flip the seat down easily transforming the cockpit into a massive arena-style seating arrangement. The choice is yours.

Details of a great boat accumulate in ways you may never notice.

But feel free to imagine.

COBALT BOATS CS22

COBALT BOATS

CS22

Redefining comfort and style.

The CS22 is the perfect choice.

From the clean classic lines of the Cobalt CS23, come all the same style in a slightly smaller package. Enter the Cobalt CS22 Perhaps it's the timeless good looks? The peerless ride and function? We say yes, yes and yes again.

The Cobalt CS22 at over 22 feet is a model of efficient use of space. Inheriting the proven performance of the CS hull and graceful deck design, too. Sleek, simple and artful. Step inside and check out the detailed interior including the island sun lounge with a walk-thru transom, Cobalt-branded coaming pads, intricate colored stitching details, and digital helm instrumentation. Oh, and the Bluetooth sound system with six speakers – yes, that too may cause your audiophile guests to awe in your direction. Compliments will keep 'coming as your crew marvels at her innovative qualities – making you look savvy, smart.

The CS22 is the perfect choice. A small boat for those who do not wish to compromise luxury or performance. The CS22 - built with pride in the heart of America, Neodesha, Kansas.

CS23

The American Beauty.

Built with pride in the heart of America.

There is something special about this one. Maybe it is because she comes from a legendary line. Perhaps it is her timeless good looks? Her ease and function? We say yes, yes and yes again.

The Cobalt CS23 measures over 23 feet of wisely used space. She has a completely new hull and deck design, too. Sleek, simple and artful. Step inside and check out the detailed interior including the island sun lounge with a starboard-side walk-through, Cobalt-branded interior pads, intricate colored stitching details, and digital helm instrumentation. Oh, and the Bluetooth sound system with six speakers – yes, that too may cause your audiophile guests to awe in your direction. Compliments will keep a 'coming as your crew marvels at her innovative qualities – making you look savvy, smart.

The CS23 is the perfect choice. She appeals to those who do not wish to compromise luxury or performance. And now are the days that one should never compromise either. The CS23 - built with pride in the heart of America, Neodesha, Kansas.

COBALT BOATS

CS23 SURF

CS23 SURF

Cobalt surfing perfection.
Without compromise.

Until now, wake surfing boats have come with a compromise to ride comfort, performance, and low speed maneuverability. That was before Cobalt SURF merged the award-winning Cobalt ride with enormous wake making capabilities. Perfectly executed. And without compromise.

Cobalt SURF combines a proven deep-v hull design and performance advantages of a stern drive, with a world-class wake maker thanks to our SURF control system – which quickly and automatically tunes the boat's attitude and speed to the optimal SURF configuration – on either side of the boat. A fully customizable wake that provides smooth transitions, a wide push zone, and a solid pop to exceed the riders' demands.

SURFING MADE SIMPLE

With the touch of a button Cobalt's computer control surf system adjusts to create the optimum surf wake either left or right. No need to transfer ballast load between tanks to achieve optimum surf wake.

- Fill ballast tanks
- Set GPS directed cruise control to desired speed
- Select surf control left or right
- Throttle up and surf

ON PLANE WITH FULL BALLAST

In Performance Mode the surf tabs automatically deploy and adjust for a quick hole-shot through to running speed, easily getting the boat on plane with full ballast. No need to empty tanks for a quick run at speed.

PERFORMANCE OF TOTAL TRIM CONTROL

Exceptional wake surfing doesn't come at a compromise to Cobalt's softer, drier, faster ride. With the versatility of full-range power trim all the control and efficient operation remains. Drivers can easily customize the wake for surfing, wakeboarding or smooth cruising.

VOLVO PENTA FORWARD DRIVE

Uniquely engineered with two forward-facing counter-rotating props that pull the boat through the water rather than pushing it, Forward Drive gives small-craft leisure boaters new found versatility. Whether wakesurfing, wakeboarding or simply cruising, Forward Drive allows boaters to enjoy endless days of fun without sacrifice. Armed with power trim and an enlarged trim plate, drivers can easily customize their wake for watersports, then level off for smooth cruising.

VOLVO PENTA FORWARD DRIVE

Uniquely engineered with two forward-facing counter-rotating props that pull the boat through the water rather than pushing it, Forward Drive gives small-craft leisure boaters new found versatility. Whether wakesurfing, wakeboarding or simply cruising, Forward Drive allows boaters to enjoy endless days of fun without sacrifice. Armed with power trim and an enlarged trim plate, drivers can easily customize their wake for watersports, then level off for smooth cruising.

COBALT BOATS

R7 SURF

R7 SURF

Cobalt surfing perfection.
Without compromise.

Until now, wake surfing boats have come with a compromise to ride comfort, performance, and low speed maneuverability. That was before Cobalt SURF merged the award-winning Cobalt ride with enormous wake making capabilities. Perfectly executed. And without compromise.

Cobalt SURF combines a proven deep-v hull design and performance advantages of a stern drive, with a world-class wake maker thanks to our SURF control system – which quickly and automatically tunes the boat's attitude and speed to the optimal SURF configuration – on either side of the boat. A fully customizable wake that provides smooth transitions, a wide push zone, and a solid pop to exceed the riders' demands.

SURFING MADE SIMPLE

With the touch of a button Cobalt's computer control surf system adjusts to create the optimum surf wake either left or right. No need to transfer ballast load between tanks to achieve optimum surf wake.

- Fill ballast tanks
- Set GPS directed cruise control to desired speed
- Select surf control left or right
- Throttle up and surf

ON PLANE WITH FULL BALLAST

In Performance Mode the surf tabs automatically deploy and adjust for a quick hole-shot through to running speed, easily getting the boat on plane with full ballast. No need to empty tanks for a quick run at speed.

PERFORMANCE OF TOTAL TRIM CONTROL

Exceptional wake surfing doesn't come at a compromise to Cobalt's softer, drier, faster ride. With the versatility of full-range power trim all the control and efficient operation remains. Drivers can easily customize the wake for surfing, wakeboarding or smooth cruising.

VOLVO PENTA FORWARD DRIVE

Uniquely engineered with two forward-facing counter-rotating props that pull the boat through the water rather than pushing it, Forward Drive gives small-craft leisure boaters new found versatility. Whether wakesurfing, wakeboarding or simply cruising, Forward Drive allows boaters to enjoy endless days of fun without sacrifice. Armed with power trim and an enlarged trim plate, drivers can easily customize their wake for watersports, then level off for smooth cruising.

COBALT BOATS

R6 OUTBOARD

R6 OUTBOARD

Power, Performance, Luxury and Comfort.

Truly the next generation outboard.

Cobalt introduces the highly anticipated R6 Outboard, continuing to demonstrate Cobalt's commitment to the growing outboard market.

Never compromise your day on the water. With the all new Cobalt R6 Outboard, power, performance, luxury and comfort are all yours. Enjoy the versatile performance, styling and amenities demanded by discerning boaters, and always delivered by Cobalt - now combined with unsurpassed outboard power. The 25' 5" R6 Outboard sports many new and exclusive features including increased storage for water sports gear and larger Cobalt Glass Cockpit touchscreens.

With an interior beam measuring wider than most competitive runabouts, the R6 offers a roomy, expansive interior with plenty of room for passengers and their things. Plus, the double-stitched upholstery now offers new cool-to-touch Fresco Chil vinyl on the darker colors, that provide surface temperature reductions of up to 20˚ on sunny days.

As with all Cobalts, the swim platform is the back patio for social get-togethers. And the patented swim step makes it all so practical.

The dash-mounted phone cradle with wireless charging is a nice touch, as is the enhanced audio system with the well-placed standard six speaker configuration, but steps up a couple of notches with the Premium or Platinum options with dedicated tweeters, sub-woofers and mid-ranges for unrivaled sound.

These features, and many more, like several foldable tower options, an innovative new high-dock safety step, and a self-bailing cockpit make the new R6 Outboard truly the next generation outboard!

R6 OUTBOARD

Power, Performance, Luxury and Comfort.

It's all here.

COBALT BOATS

23SC

23SC

Expect the extraordinary.
It's all here.

The 23SC is contoured for accessibility, consider over the bow to the beach via the beach boarding ladder. Convenient and easy to deploy, just step over the bow and feel the sand between your toes. Or head to the transom and take a quick dip using the exclusive swim step.

Take the helm and you will notice all the expected Cobalt standards: quickness to plane, smooth ride, stability in turns. And how the 23SC does wow. Heads will turn in amazement as she glides across the chop with all smiles aboard. With outboard power fusing efficiency, speed and light weight, this intelligent design absolutely sets the standard for performance.You should expect that of Cobalt craftsmanship. And what will exceed those expectations is what lies inside.

From the multi-use sunpad and adjustable backrest, to the plush seating arrangements and well-placed storage compartments, the 23SC features impeccable amenities that make everyone on board feel important. And be sure to invite all your extra buddies, too, because the broad shaped bow has plenty of room for extra seating.

Everything about the SC speaks of strength and integrity: an all composite transom, an all fiberglass stringer system and cockpit liner deck, a Kevlar® reinforced hull, solid stainless steel windshield braces – all backed by what is undeniably the most vigorous warranty in the industry.

It's all here, the difference between ordinary and extraordinary.

23SC

Expect the extraordinary.

It's all here.

COBALT BOATS

25SC

COBALT BOATS

25SC

When the sun shines, it reigns.

First-class luxury, convenience and versatility.

On most boats, the party almost always takes place out back. But this isn't like most boats. Nope, we changed things up a bit with this one. The 25SC has the perfect party pad up front due to its wide bow shape. This beach-goer even has a forward entry ladder making it easy to hop off the front when it's time hit the sand for some beach volleyball.

When it's time to mosey on back aboard and take a ride to the next hot spot, you and your guests will be surrounded by stylish comfort and good vibes. That's because with every Cobalt, first-class luxury, convenience and versatility are all non-negotiables.

Let's say the party is starting to fizzle and you just want some peace and quiet. Step aboard and be amazed at how quiet the ride is – not a peep from the engine. That's because this brand new outboard engine was designed to be exceptionally quiet and smooth. Instead, hear the wind going through your hair and your crew having normal, conversation. Pretty nice, huh?

And it wouldn't be a party until the Captain does a little showing off at the end of the day. The impeccable handling of the 25SC makes tight turns at high speeds look like a piece of cake. Ending the day's activities on a high note, to say the least.

25SC

When the sun shines, it reigns.

First-class luxury, convenience and versatility.

STANDARD EQUIPMENT

Dash and Instrumentation
- Accessory Power Plug - 12 Volt
- Black Leather/SS Steering Wheel
- Color-Matched Aluminum Dash Panels
- Composite Helm Eyebrow, Custom Stitching
- Depth & Water/Air Temp Gauge Pkg.
- Glass Cockpit, Dual Garmin 7607
- Gloss Black Dash Console w/SS Accents
- Hour Meter(s)
- Stainless Steel Switches

Exterior
- Anchor Locker
- Bow Boarding Ladder, SS
- Bow Scuff Plate, Stainless Steel
- Extended Running Surface
- Fender Clips w/Line (4)
- Graphics, Molded-In Gelcoat
- Midship Cleats
- SS Tubular Platform Perimeter Rail
- Stainless Top Trim Windshield
- Swim Step, Stbd.
- Transhield Shipping Cover

Interior
- Aft Sunpad w/Adjustable Backrest
- Aft Walk-Thru Carpet
- Bench Seat Storage
- Bow Walk-Thru Door
- Carpet, 40 oz., Snap-In w/Neoprene Back
- Head w/Porta Potti
- Helm Seat, Double-Wide
- Passenger Seat Flip Backrest System
- Removable Bow & Cockpit Carpet
- Seating Varadense Comfort
- Trash Receptacle, 28 gal
- Walk-Thru Transom

Stereo
- iPod/USB/MP3 Port
- Sound System, Bluetooth, w/6 Spkrs.
- Stereo Remote, Dash
- Stereo Remote, Transom (Prem. Sound)

Structure, Safety, & Performance
- 10/5/3 Year Warranty Protection
- Battery Switch, Single
- Circuit Breaker Protected Elec System
- Composite Floor
- Composite Transom
- Fiberglass Cockpit Liner
- Fiberglass Stringer System
- Fire Extinguisher(s), Manual
- Ignition Safety Switch
- Kevlar Reinforced Hull
- Stainless Steel Windshield Braces
- Trim Tabs w/Indicators, w/o Autoglide

OPTIONAL EQUIPMENT

Canvas
- Bimini, Premium
- Bow Tonneau Cover
- Cockpit Tonneau Cover
- Mooring Cover

Cockpit Configuration
- Cockpit Seat, Stbd. (replaces Galley)
- Galley, Cockpit w/Sink (Replaces Seat)

Dash and Instrumentation
- XM Weather

Engine Options
- Merc, Cold Fusion White (300/350hp)
- Yamaha, Pearlescent White (300/350hp)

Exterior
- Arch Elec, Alum Folding w/Bimini
- Arch, Alum, Folding w/Bimini
- Boarding Ladder, Port
- Bow & Transom Shower Pkg.
- COBALT Oval Logo, Recessed
- Flagpole w/Flag
- Portal Light (1 in Head Compartment)
- Ski Tow
- Sof-Trac Mat, Flip-Down Swim Step
- Sport Tower w/Sunshade
- Swim Platform Transom Lighting
- Underwater Lighting
- Wakeboard Racks, Elite (Alum)
- Wakeboard Racks, Triton

COBALT BOATS

30SC

30SC

An Innovative Revival of Tradition.

Ultimate possibilities of intelligent design.

Comes now the 30SC, the third in a series of remarkable watercraft, each representing Cobalt's unmistakable contributions to the revival of the outboard engine. Cobalt has been, by no means, the first manufacturer to offer knowledgeable boaters a newfound choice of improved powertrains. Rather, Cobalt has again sought to move purposefully to the ultimate possibilities of intelligent design, to at last bring to market boats redrawn, reoriented, reweighted, renewed toward a single purpose. That is, to add convenience and economy – and quiet, blessed quiet -- in a new way to the traditional Cobalt virtues of performance, handling, comfort, luxury, and room, lots of livable room.

Cobalt engineers understood that the simple slapping of a couple of high-horse Mercs on the stern of any old hull would not, could not an outboard-boat make. The dynamics of thrust and torque necessarily affect hull design. But now, the power of those high-horse engines has been channeled toward economical, efficient, easily maintained enjoyment riding in a hull made just to order.

30SC

An Innovative Revival of Tradition.

Ultimate possibilities of intelligent design.
